When it comes to waterproofing decks and flat roofs...

Make A Choice That Lasts

We've Got You Covered!

Selecting Your Deck Expert

For nearly 40 years Duradek has been waterproofing decks, patios and flat roof decks.

With this experience, we know that no matter how great a vinyl waterproofing product is, if it is not professionally installed with consideration of the intricate details involved in waterproofing, it is very difficult to guarantee performance.

That is why Duradek™ vinyl membranes are installed only by trained and authorized applicators who have completed Duradek's hands on training program.
